

Multiple Births Group

We didn't set a dress code, but many of the twins and even triplets who came along to our very first multiple birth group here in Dungannon and Coalisland SureStart were dressed in matching outfits.

We appreciate that it can be difficult getting out of the house in the morning with a young baby or toddler in tow so our thanks to all the mums and dads with twins and even triplets who came along.

Parents told us it was great to have the chance to share their experience with other parents when their children were happily playing and exploring.

If you have twins or triplets we look forward to welcoming you to our next morning on 30th September.

Baby Playtime

Baby Playtime has been a really popular addition to our timetable in recent months. Staff carefully plan a number of activities that will stimulate all baby's senses. The group is suitable for babies up to 18 months and although it's not scheduled again until October we do have a very special group planned for our SureStart babies at our Baby's Day Out on Tuesday 13th August.

PARENTS FORUM

@ Dungannon & Coalisland Surestart

Parents forum is an informal group to ask our parents what they think of the services we are providing at SureStart. We value our parents opinions and take them on board. For example you all received an A - Z Directory of programmes. This was an idea from the parents forum.

If you would like to join our next parents forum it is on Wednesday 25th September from 10:00am - 11:30am with crèche provided. Come along for a cuppa and a chat.
